Quizzes will be given throughout the semester and counted toward the final grade as bonus points; No makeup exams will be given.

Note: All exams are close books and notes. One-page note is allowed.

Drop and Add: The instructor will follow University, College and Departmental guidelines for drops and adds. Consult the class schedule book or Ms. Helen Daggs in Engineering South 202 for more information.

Attendance: Attendance record will be sampled randomly and will be counted toward your grade. Students will be expected to attend all classes. Habitual failure to do so will result in a reduced grade. An incomplete grade will only be given when a student misses a portion of the semester because of illness or accident. All (I) grades must be completed within thirty days.

Academic Integrity: The instructor will strictly follow OSU's Academic Integrity Policy as stipulated in <http://academicintegrity.okstate.edu/> There is a video clip at <http://ra.okstate.edu/provost/academic/integrity.html> that every student (and probably every faculty member) should watch early in their academic career. This video very clearly defines the different types of academic misconduct and summarizes methods to avoid these problems. Cheating on homework, quizzes or examinations, plagiarism and other forms of academic dishonesty are serious offenses and will subject the student to serious penalties.

Disability Impairment: If any member of the class feels that he/she has a disability and needs special accommodations of any nature whatsoever, the instructor will work with you and the University Office of Disabled Student Services to provide reasonable accommodations to ensure that you have a fair opportunity to perform in this class.

Class Website: You are advised to check class website at the Online Classroom and Community page at <https://oc.okstate.edu/> regularly for important information, such as handouts, homework assignments, schedule changes, old exams and last minute announcements.
